Re: Adoption of Environmental Impact Statement

Dear Ms. Roberts:

Pursuant to 40 CFR Part 1506.3, the Department of Homeland Security (DHS) has adopted two Environmental Impact Statements (EISs) prepared by the General Services Administration (GSA) for activities as the St. Elizabeths campus in Southeast Washington, DC. The documents entitled *Department of Homeland Security Headquarters at the St. Elizabeths West Campus To Consolidate Federal Office Space on a Secure Site Washington DC* (EIS Number 20080452) and the Supplemental EIS entitled *Department of Homeland Security Headquarters at the St. Elizabeths West Campus To Consolidate Federal Office Space on a Secure Site Washington DC* (EIS Number 20120049) were noticed in the Federal Register on November 7, 2008 and March 2, 2012 respectively. DHS served as a cooperating agency during the development of both of these EISs. Recirculation of the document is not necessary under Section 1306.3 of the Council on Environmental Quality regulations for implementing the procedural provisions of NEPA.

We respectfully request the assistance of the Environmental Protection Agency in filing the enclosed notices of these adoptions in your next Federal Register Notice publication. Should you have any questions, please feel free to contact me at 202-821-9380 or [Teresa.Pohlman@hq.dhs.gov](mailto:Teresa.Pohlman@hq.dhs.gov).

Sincerely,
